Food & Drug Administration

5600 Fishers Lane 20409 '99 A 30 A1:12

Rockville, MD 20857

Hello:

I'm writing to tell you that I oppose the Draft Memorandum being proposed by the F.D.A.. I object to the term "cooperative amount" which restricts the availability of and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Sincerely,

Dorothy M.
